STAT 16. [ ] Mr. Hadlock, Library of Congress, called concerning a letter to a congressman from a constituent requesting the testimony of Lyman Kirkpatrick in 1961 before the Internal Security Committee. Mr. Hadlock stated that he had checked the House Committee on Un-American Activities with negative results. I suggested that he check the records of the Internal Security Subcommittee of the Senate Committee on the Judiciary since Mr. Kirkpatrick may have testified before that Committee. Mr. Hadlock called back shortly thereafter and advised that he had located the testimony which was titled "A Communist Plot Against the Free World Police" given June 13, 1961, by Mr. Kirkpatrick before the Senate Subcommittee on Internal Security.
